

PRESS RELEASE

August 26, 2010

Falls Church, VA – Accelera Solutions, an IT provider of virtualization solutions, recently hosted its first annual charity golf tournament benefitting Bridge to Freedom Foundation (BTFF), a 501(c) (3) non-profit organization based in the Washington, DC metro area. As a result, BTFF gained visibility in the corporate community and raised the largest donation since its inception.

“We were excited to work with the BTFF team. Their enthusiasm was contagious. It’s a great cause and we were proud to sponsor the event,” said LC Yi, CEO of Accelera Solutions.

“As an emerging non-profit in the fight against human trafficking, we were thrilled to work with Accelera and its partners to raise awareness and funding for our cause and to better serve survivors,” said Cassandra Clifford, Founder and Executive Director of BTFF. Ms. Clifford founded the organization in 2008 and already has a volunteer staff of nine with an office based out of Annandale, VA.

Accelera is a certified 8(a) small disadvantaged business and provides virtualization solutions throughout federal, state and local government, and commercial businesses. It also works with non-profit organizations like BTFF. “To be able to utilize our expertise for organizations whose mission it is to improve the lives of others is something Accelera takes seriously,” said Yi, adding “we hope this event is one we can repeat year after year.”

The event was hosted at Hidden Creek Country Club in Reston, VA. Additional sponsors included Citrix Systems, Dell, AppSense, Datacore, Wyse Technology, ThinPrint, Goodman and Company, and Financial Brokerage Services.

###

About Accelera Solutions

Accelera Solutions is a virtualization solutions provider focused on desktop, application and server virtualization. Accelera provides consultative support from the desktop to the datacenter by offering a virtual computing infrastructure that simplifies IT systems into a centralized, easily managed environment. The company addresses customers’ specific business challenges by leveraging technologies from Microsoft, Citrix and VMware. Accelera’s solutions minimize risk, drive cost savings, improve security and maximize efficiency for greener computing for more than 200 federal, state and municipal government clients and over 1000 commercial entities in the healthcare, non-profit

and financial markets. Virtualization is in our DNA. Learn more about Acceler Solutions, an 8(a) company, at www.accelerasolutions.com/.

About Bridge to Freedom Foundation

Bridge to Freedom Foundation (BTFF) was founded in December 2008 to bridge gaps in information and services which hinder the growth of survivors of modern slavery. BTFF works to enhance and improve the opportunities available to survivors. BTFF accomplishes this by connecting for-profit corporations, community groups, educational establishments and the general public. The cornerstone of BTFF's work is their support to survivors in the form of personal and professional development. BTFF's Personal Development Program seeks to give survivors of modern slavery a positive self image, both internally and externally.

BTFF, a 501(c)(3) nonprofit organization, is currently 100% volunteer led and 100% donor supported. Learn more about BTFF's programs at; www.BridgetoFreedomFoundation.org . For more information contact: PO Box 2492 Merrifield, VA 22116; Phone: 703-256-5718; info@BTFF.org
